Overview

SDRC is the single point of access to developmental services for families living in Waterloo Region. The agency offers a range of professional and support services to children and youth under the age of 18 years with an Intellectual Disability or an Autism Spectrum Disorder. SDRC is funded by the Ministry of Children, Community, and Social Services and there are no fees for the vast majority of services provided by the agency.

The SDRC team is comprised of qualified professionals in the areas of:

- ▶ Behaviour Consultation
- ▶ Speech/Language Consultation
- ▶ Children's Service Coordination
- ▶ ABA Therapy (fee-for-service)
- ▶ FASD Coordination
- ▶ Social Work Consultation
- ▶ Health Care Consultation
- ▶ Resource/Family Support Navigation
- ▶ Coordinated Service Planning

SDRC Services

SDRC's Clinical Services

- ▶ All consultation services, clinics, groups, and workshops are being offered virtually (or by phone for consultations and clinics) at this time
- ▶ **Behaviour Consultation**
 - ▶ Behaviour consultants help parents/care providers to work through behavioural difficulties (e.g., physical aggression, anxiety, and emotional regulation)
 - ▶ **In-home mediator model** consultation provided for behaviour concerns that cause harm to self or others
 - ▶ **One hour Behaviour Clinics** provided to support behaviour concerns such as verbal outbursts, noncompliance, attention seeking, toilet training
 - ▶ A parent coaching model supports the use of positive interventions such as positive reinforcement and modelling
 - ▶ Consultants help people understand why unwanted behaviour occurs
 - ▶ Offer suggestions about ways to change the situation in which the behaviour occurs
 - ▶ Explore with parents and care providers other ways to address behaviour (e.g., doctor visit to get checkup/medication review, changing routines or home environment)

SDRC's Clinical Services

▶ Autism Behaviour Consultation

- ▶ Offered to youth with an Autism Spectrum Disorder between the ages of 14 and 21 years
- ▶ The goal of behaviour consultation is to help individuals and/or their caregivers work through behavioural difficulties
- ▶ The consultant will coach the caregiver to support the individual through the use of positive interventions
- ▶ **Groups:**
 - ▶ Autism Social Skills Group: 6-week social skills group for children/youth with an Autism Spectrum Disorder between **11 and 17 years old**
 - ▶ Autism Monthly Social Group: Monthly social group for youth **14-17** with an Autism Spectrum Disorder and no Intellectual Disability. Individuals must be independent

SDRC's Clinical Services

► **Counselling Services**

- Our counselling services are provided to help people cope with the struggles related to having a diagnosis of an intellectual disability and/or autism
- SDRC offers counselling to young people and adults with an intellectual disability and/or autism as well as caregivers and siblings of individuals with intellectual disabilities and/or autism. This can be in the form of groups, one-to-one sessions, or meetings with multiple family members
- **Groups include:**
 - Mothers' Group - runs one day per week for eight weeks. Mothers have a chance to meet with other mothers who may be experiencing similar challenges
 - Mothers' Monthly Group - Once mothers have completed the weekly group they may choose to move on to the monthly group for continued support
 - Fathers' Group - This group meets once a month from September to June. Fathers have a chance to meet with other fathers and share their experiences and challenges of raising a child with a disability
 - Autism Siblings' Group – Cofacilitated with the Autism Behaviour Consultant; siblings (11-14 years) meet once a week for six weeks to discuss issues relating to having a sibling with a disability

SDRC's Clinical Services

► Speech-Language Pathology Services

- To facilitate functional communication for client using the mediator model with caregiver or parent
- Limited to children aged 6 and up

- Will work with caregivers, families, schools and community to better understand the needs of children and youth with FASD
- *Client does not need to be eligible for SDRC Services to be connected to FASD services
- For more information about FASD please visit www.fasdwaterlooregion.ca

Additional SDRC Services

► Foundational Family Services

- SDRC offers Foundational Family Services as part of the Ontario Autism Program (OAP). These services are available to families who are registered with the OAP
- Through the OAP, these services are to be offered in a variety of ways including:
 - Family and peer mentoring
 - Caregiver workshops and coaching sessions
 - Brief targeted consultations
 - Transition supports
 - Family resource and clinic days
- Here at SDRC we have enhanced our current services to include the Foundational Family Services mentioned above. This includes:
 - Parent and sibling support groups
 - Workshops on a variety of topics
 - Transition to adulthood support
 - Time to meet with a Resource Consultant to discuss issues or concerns, etc.

Additional SDRC Services

► Resource Support

- Short term support offered through phone or email
- Once families have moved through the Intake process at SDRC, they have ongoing access to Resource Support (until their child reaches 18 years of age)
- Examples of how we respond include:
 - Answering general questions regarding services and supports
 - Helping assess strengths and needs to determine most helpful information and resources
 - Assisting with supportive problem solving
 - Providing information about a variety of supports and services (developmental services, community services, funding options, leisure/recreation, etc.)
 - Facilitating referrals to other organizations/services
 - Helping identify barriers to accessing services and supports
 - Providing short-term emotional support
 - Liaising with other service providers

Additional SDRC Services

- ▶ **Service Coordination (children, youth and adult)**
 - ▶ Service Coordinators assist individuals and their families to strengthen their capacity to manage the challenges of caring for themselves/their child and enhance their knowledge and connections to community resources
 - ▶ It is a voluntary working relationship
- ▶ Service Coordinators facilitate involvement with the service system and assist in developing a network of supports that will foster greater quality of life for the individual and their family
 - ▶ Service Coordinators can help with:
 - ▶ applying for services
 - ▶ overcoming barriers to accessing supports
 - ▶ assessing strengths and needs
 - ▶ coordinating community resources
 - ▶ developing service plans
 - ▶ developing cooperative working relationships with other service providers
 - ▶ assisting with supportive problem solving

Additional SDRC Services
