

April 2 is the World Autism Awareness Day ...

According to the **2019 Canadian Health Survey on Children and Youth (CHSCY)** 1 in 50 (or 2.0%) Canadian children and youth aged 1 to 17 years have been diagnosed with autism spectrum disorder (ASD).

Autism spectrum disorder is a neurodevelopmental disorder that can include impairments in speech, non-verbal communication and social interactions combined with restricted and repetitive behaviours, interests or activities. Each person with ASD is unique, and the term "spectrum" refers to the wide variation in strengths and challenges reflected among those with the disorder. (Source: Autism spectrum disorder: Highlights from the 2019 Canadian health survey on children and youth, Public Health Agency of Canada).

Check **pages 15 - 16** of this newsletter for events, services, programs and resources related to autism and visit our website www.sdrc.ca to learn about our professional and support services available to individuals of all ages with a developmental disability and/or an autism spectrum disorder.

WHAT'S HAPPENING AT SUNBEAM

Sunbeam Expands Services To The Family Centre

Sunbeam Community and Developmental Services is excited to announce that its **Brightside ABA Services**, has expanded to a new site at **The Family Centre** effective March 1.

These services include ABA therapy and associated clinical services such as children's psychiatry, occupational therapy, speech-language pathology and more. The expansion is a strategic effort to consolidate aligned clinical services for developing skills to increase positive behaviours, providing an integrated hub offering comprehensive supports under one roof.

"Sunbeam's program of integrated ABA services at The Family Centre will be the first of its kind, offering individuals and families a comprehensive and collaborative one-stop-shop approach to clinical services in Waterloo region," says Brian Swainson, CEO of Sunbeam Community and Developmental Services.

"There is enormous demand for ABA services in the community and our organization is devoted to ensuring that children, individuals and families receive the highest quality of services and support close to home. This expansion will further our commitment to quality, innovation and service by simplifying access through consolidated programming and reduced local wait times for ABA services."

"Family and Children's Services of the Waterloo Region is thrilled that Sunbeam chose to move their Brightside ABA Services into the Family Centre. We have a long-standing partnership with Sunbeam, and we will continue to nurture our collaboration to provide children, youth, and families in Waterloo region with the services they need," says Executive Director, Sonia Dennis.

"Our role is to ensure the delivery of evidence-based therapies and interventions, tailored to the unique needs of the individuals we serve," says Erin Davis, BCBA. "I am thrilled to be a part of this innovative program to enable comprehensive behavioural plans that help our clients to thrive, and to better support their families."

Sunbeam serves more than 14,000 individuals and their families on an annual basis. Expanding services to The Family Centre will allow Sunbeam to serve more families in the community.

In addition to expanding its comprehensive **Brightside ABA Services** program, Sunbeam will leverage its new presence at The Family Centre to support its **Urgent Response Program** through the Ontario Autism Program.

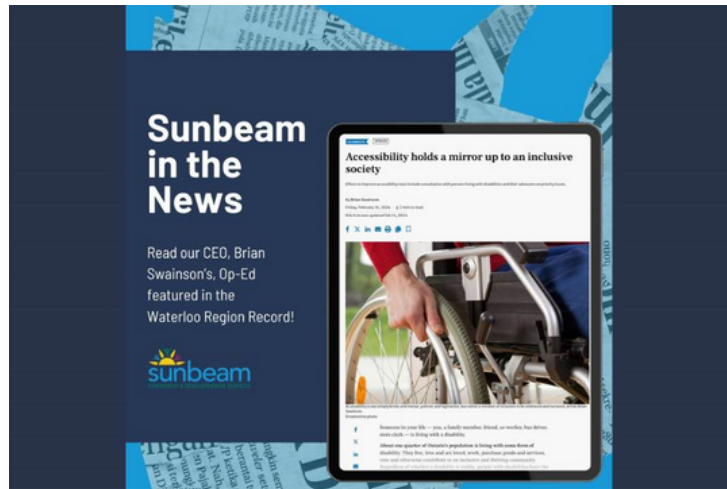

This expansion will see Sunbeam's two Board Certified Behavior Analysts (BCBA's) overseeing and supporting its programming, and playing a key role in developing and implementing individualized behavioral plans.

Sunbeam's expanded ABA Services has launched at The Family Centre on March 1st.

WHAT'S HAPPENING AT SDRC

FASD (Fetal Alcohol Spectrum Disorder) Team Shares FASD Services at SDRC

FASD (Fetal Alcohol Spectrum Disorders) is a lifelong disability that affects the brain and body of people who were exposed to alcohol in the womb. Each person with FASD has both strengths and challenges and will need special support to help them succeed in many different parts of their daily lives. About 4% of Canadians are believed to have FASD.

In Waterloo Region, PLEXUS offers support to children, youth and families living with FASD up until the age of 18 or 21 and still attending high school.

The word PLEXUS means an intricate network. Those with FASD, their caregivers, service providers and community members all make up this network of people who create space for individuals of all ages and their families. PLEXUS can help access FASD-informed services and support.

At the heart of our network are those with FASD.

At PLEXUS:

We understand FASD is a brain-based disability. We strive to provide accommodated services and support.

We recognize that where you were born, live, learn, work, and play affects your health, well-being and sense of belonging.

We know that FASD is different for everyone and we will build a plan that works for you. We highlight individual strengths and gifts.

Sunbeam Developmental Resource Centre hosts two FASD Coordinators who will help guide you through the network of FASD supports in our community. For more information, please email PLEXUS at plexusFASD@sunbeamcommunity.ca or visit our website at www.plexusfasd.ca
