

Sunbeam Presents Virtual Workshop on

**October 20, 2026
6 to 7:30 pm**

Connection at Home: Communication Strategies for Children with Autism and/or Developmental Disabilities

Presenter: Lorraine Otto
Speech-Language Pathologist

In this workshop the Speech-Language Pathologist will be discussing what is communication, why some children struggle to communicate, the foundations of communication and practical strategies to encourage communication skills. This workshop is geared toward parents and caregivers of children age 6 to teens who have limited speech and language skills and will focus on strategies to use at home.
